

Spread the word! The Gower Pub in Cathays is being squatted!

It's a huge building that has lots of potential!

We've kept it nice and clean – it's just awesome!!

We're calling out for:

- * People to help put on events here, including musicians, campaigners, any speakers etc.
- * Any spare wood and tyres to make things out of e.g. bunk-beds for guests
- * People to share skills or come for a skill-swap.
- * Support for our court-case and people to help build a squatting community based on solidarity.

Help us fulfil this building's potential...

We have a meeting today (19th) at 5:30pm to talk about our plans and hope you can join us.
